BESPOKE

At Holte, we don’t just design kitchens; we craft spaces that reflect individuality, creativity and purpose.

Our BESPOKE pathway brings together innovation and detailed craftsmanship, tailored entirely to you.

From conception through to survey, design and installation, we’re with you every step of the way – delivering exceptional quality, thoughtful design, and a space that truly feels like home.

Let’s create something extraordinary together.

The BESPOKE Pathway

Brief

It starts with you.
Your vision, your needs and your lifestyle guide everything we do.

Our design team works closely with you to capture your ideas and shape them into a tangible concept.

Survey

Before the creative process begins, we take the time to understand your space.

Through an on-site survey and technical review, this step aligns your brief with the practical details.
Ideas meet reality, and we begin to form a clear path forward.

Design

Every detail matters.
Ensuring your new kitchen is a seamless blend of beauty and function, we tie unique materials and finishes to a thoroughly considered layout and flow.

Our proposal is presented to you digitally and we begin to bring your vision to life.

Production

Once your design is signed off, we move into production.

We employ state of the art materials, techniques and processes at every stage of manufacture and we can't wait for you to see the finished product.

Execution

Our delivery is met by our team of expert installers who will coordinate a seamless installation.

Our technical team will visit site before installation and during to ensure all details are adhered to and your dream kitchen is delivered to brief.

What you can expect

Collaboration

We bring expertise and vision to the table, but your voice shapes every decision.

Transparency

No surprises, no hidden costs. We keep you informed every step of the way, but you can relax knowing your project is in expert hands.

Quality

We consider longevity one of the most important aspects of kitchen design. Using only materials we're confident will last, we ensure our kitchens stand the test of time.

Design expertise

With over 10 years of Holte kitchen designs, we've come across our fair share of spaces, challenges and solutions. Couple that with a wide range of design backgrounds within our team, we're well set to help overcome any challenges your project might throw up.

Ease

No bolt-ons, no need to find your own installer and no need to deal with more than one supplier for cabinets and fronts. Our BESPOKE pathway offers a complete, end-to-end bespoke kitchen service through conception, survey, design and installation.

"Holte interpreted our design brief from day one, adding practical and professional knowledge to produce a beautiful bespoke kitchen in keeping with our renovation."

Ryan & Alberto, Handforth

Our Range

BESPOKE

Our Range

By choosing the BESPOKE pathway, you can access a huge array of custom-designed options.

From bespoke steel-framed islands, to dyed veneers and internal storage solutions built for you, the possibilities really are endless.

If your project requires joinery design beyond the kitchen, our team can extend the seamless look of your kitchen project across your home.

Explore our BESPOKE case studies

Our Cabinetry

Our cabinetry range is highly functional, extremely durable and easy to fit.

Our cabinets have solid tops, 18mm thick backs and are available in black, grey, white or timber veneer. Beautiful solid wood drawer boxes are available, alternatively metal drawer boxes can be supplied in black, grey or white.

Explore our Cabinetry range

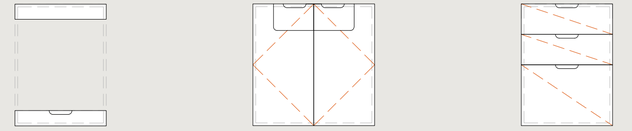

Our cabinetry range provides the complete kitchen solution, with any number of bespoke configurations.

View all combinations

Base

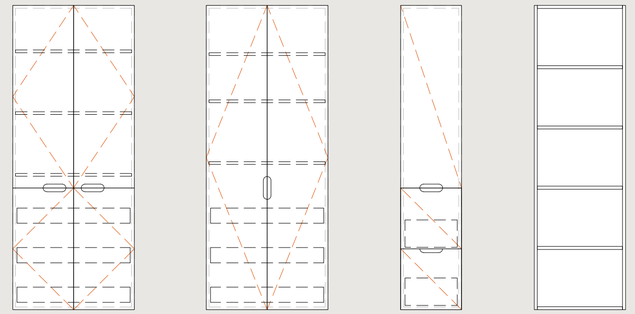

Our range of base cabinetry has been carefully designed to allow flexibility within any kitchen layout. We have categorised cabinets into cook, clean and storage to make the planning process easy.

Base cook | Base clean | Base storage

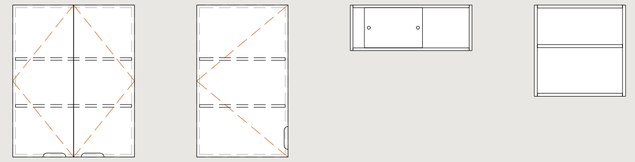

Tall

Choose from our tall units to maximise storage capacity and tailor our customisable pantry cabinet to your needs.

Wall

We offer a range comprising wall cabinets with doors for optimum storage as well as open cabinets for display, and bookshelves.

BESPOKE

Worktops

We have long-standing partnerships with expert stainless steel and natural stone/composite worktop suppliers, allowing us to supply unique and competitively priced worktops for your project.

Explore our Worktops

Appliances

We are proud to offer a range of appliances from trusted brands. All supplied at a 15% discount from RRP when purchased as part of your Holte BESPOKE kitchen.

We have a Bora Pure hob, Quooker Flex tap and Cube sparkling water tank on display in our showroom, as well as a number of Fisher & Paykel appliances – ask us for a demo during your visit.

(if fitted by Holte)

Deliverables

A proposed project programme

Initial design proposals

Including general arrangements, elevations and a 2D colour and materials presentation.

Detailed design proposals

Including internal layouts & systems and specific details & interactions.

A sample set of the specified materials for sign-off

Inclusive of fronts, colour-matched or power-coated finishes, physical handles and worktops.

If the project is not to be fitted by Holte, a full set of installation drawings will be provided to pass on to your site team.

"As a designer, I value working with teams who combine precision with creativity. Holte did exactly that. Their process was efficient, their communication excellent, and their commitment to quality unwavering."

Leo, Coach House

BESPOKE

The Design Process

To get started, we ask that you prepare the following for our first discussion:

A completed design questionnaire

To form your brief to our team.

Moodboard

A collection of images that speak to you. Whether it's materials, layout ideas, or features, we're all ears…

Architect's plans*

*In the case of an extension or new space.
These can be in either dimensioned PDF or DWG format.

Key Dates

Coordinate with our team on timelines;
When is the kitchen required by?
When will the site be ready for survey?
With these key dates in place, we can start to map out the project to suit your build or renovation.

"The Holte team were a joy to work with — creative, meticulous, and genuinely committed to getting every detail right. The result is a kitchen that’s as functional as it is beautiful."

Emma & Brian, Ewhurst
